

# DEVELOPMENT OF SADC REGIONAL GUIDELINES FOR SCHOOL FEEDING/SCHOOL NUTRITION PROGRAMS

CSTL Technical Committee Meeting Feb. 16, 2021

[Leger.bruggeman@fao.org](mailto:Leger.bruggeman@fao.org) / [leger.adrien.bruggeman@gmail.com](mailto:leger.adrien.bruggeman@gmail.com)

# Objectives of the assignment

- To respond to the request made by Member States to have guidelines on school health and nutrition programs
- Provide to Member States (MS) a basis for optimizing and harmonizing the implementation of school feeding and school nutrition programs

# Deliverables

## Inception report

- Stakeholders identification
- Timelines, tools and methodology defined

## Assessment of school feeding/school nutrition programs in SADC Member States

- Develop questionnaire and conduct interviews
- Conduct desk research and compile data

## Develop regional school feeding/school nutrition guidelines

- Build on assessment report's recommendations
- Interviews AU, UN agencies and other partners to develop guidelines

## Facilitate a validation workshop

- Member States and other experts to review the guidelines and provide additional recommendations

## Final regional school feeding/school nutrition guidelines

- Incorporate final recommendations and submit guidelines

# Methodology

- Member States to indicate which in-country experts (involved in SF/SN implementation) should be interviewed
- A pre-populated questionnaire with secondary data is sent to all experts identified for review
- Consultant to conduct 1 on 1 online interviews to gather additional information from MS experts
- Interviews of key regional experts are conducted
- Organize a validation workshop
