Submission	shela@miet.co.za
Deadline	<b>4 April 2022</b>

**1. Introduction & Programme Overview**

MIET AFRICA’s regional programme, FutureLife-Now! is an intervention designed to contribute to the reduction of new HIV infections and the increase in ART adherence among young people in the SADC Region. Its goal is to promote greater self-confidence and hope for the future among young people in the SADC region by advancing the region’s priority goals and commitments – especially those related to education, health, gender equality and climate change.

The programme requires the services of an established and suitably experienced video production company to shoot short video clips on key programme themes in two Southern African countries.

This particular Tender is for the procurement of the items detailed herein. The purpose and scope of this call is to explain the requirements in full details, as well as the process for submitting a tender response.

**Please submit quotations to [shela@miet.co.za](mailto:shela@miet.co.za) by 5pm on 4 April 2022.**

**Specifications & Brief**

**Purpose of video clips**

MIET AFRICA plans to utilise video clips to:

1. Bring the voices and views of youth into FutureLife-Now! discussions, meetings, workshops held with teachers, parents, ministry officials, etc.
2. Highlight the success of FutureLife-Now! in developing the awareness, knowledge and agency of youth around the programme’s key themes
3. Serve as advocacy tools with a range of audiences

To achieve this, each film clip will:

- Capture groups of youth discussing the specific FutureLife-Now! themes (based on guiding questions)
- Showcase youth agency in action across all themes
- Showcase how youth are standing up to the challenges they face, and taking responsibility - and action - for their lives and their futures

**Target audience**

- Youth

- Schools
- Parents and caregivers
- Community members
- Government officials
- Development partners
- NGOs and CBOs
- Funding partners

## Scope

The programme requires the services of a video production company to shoot short video clips on key programme themes.

- Five video clips, not longer than 2-3 minutes each

### Suggested themes/topics per clip (to be finalised)

1. Climate change - youth-led projects implemented at schools, youth dialogues on climate change
2. Youth agency research – views of youth based on results of research
3. Sexual and reproductive health and rights – education and access to services; showing the importance of the link between education and health
4. Gender – including focus on boys vulnerability/specific needs
5. Education for the 21<sup>st</sup> century- what does this mean; is education equipping learners for this; who is responsible for delivering this?

A cross-cutting theme for each clip must be ‘youth agency’ – what this means, and how we would like it to be portrayed will be discussed in introduction meeting

The clips should be packaged as part of a series; a series that is branded which follows a similar format for each; intro, state the issues (youth talking or stats), cut aways, youth V/O, then solutions (youth talking and cutaways) and call to action. In each clip, youth should be talking about these issues among themselves (groups of 2-5, mix of genders). Youth from our pilot schools will be the subjects, they could be the same youth from each country or different youth for different clips.

### Cut aways

- Climate disasters (to source); Climate Change Dialogues (MIET AFRICA to provide, and some can be staged)
- Climate change initiatives such as planting and harvesting (to shoot and MIET AFRICA can provide)
- Parents and caregivers (to shoot)
- Teachers (to shoot)
- Healthcare workers (to shoot)

## Settings and location

The film crew will travel to, and shoot in two countries; Zambia and Zimbabwe. In each country, up to three schools will be visited:

- Schools x 6
- Community areas
- Clinics

## Additional requirements

- Script for each clip
- To purchase music (if necessary)
- To source or animate graphics for selected cut aways (if necessary)

## Requirements to be included in your Tender Application

Quotation must include all air travel and accommodation for crew. Land travel will be arranged by MIET AFRICA. In addition to the above scope of work, quotation should make allowances for concept development, logistical planning; setting up location times with relevant personnel and schools, consent form/model release permissions, and client reverts.
